Principal’s Report

What a wet, windy and cold last week of the holidays. The rain has been widespread across the district which is terrific.

It is great to be back at school and all the students are fresh faced and look ready to tackle a very busy term of learning. There are many different focus points this term. Throughout next week, there will be cross age learning activities for all classes as part of Literacy and Numeracy week celebrations.

A special welcome to Zali Reed – a brand new reception who started school for the first time today in Stevie Rom’s R, 1 class.

Welcome back to Marree Bourke from her long service leave. Marree will return to the Year 4, 5, 6 class as well as teaching Primary Art and Spanish.

Marie Clark is on leave and Annie Williams will be covering our finances over this time.

Elliston has had the some cases of Whooping cough (pertussis) referred at the Health Centre over the last few weeks. If your child has a cough, please seek medical advice and take the necessary tests to ensure that Whooping Cough does not spread across our community. We will be sending children home who have suspicious coughs. As part of DECD regulations, students will be excluded from school until 5 days after starting antibiotic treatment, or for 21 days from the onset of coughing.

Over the holidays, the toilet block had a much needed facelift with it being painted both internally and externally. The toilets now look like new! These funds came from a DECD grant for building maintenance.

Term 3, Week 1

Yesterday, staff had a successful training day with our cluster schools at Tumby Bay. Teachers spent the day moderating student work samples and discussing achievement standards in the Australian Curriculum. SSO’s training sessions looked at Ipad and Tablet use, Interactive Whiteboards and using a 3D printer.

Enjoy the week.
