**Elliston Area School
100 Year
Celebration/
41st Annual Wool
Show**
23rd October 2021

Greetings all, and welcome to week 9.

SAPSASA GOLF

Well done to Carlo Romanowycz, Mayson Peters and Ashton Fleming who competed at the SA Primary Schools, State Golf Final last Thursday. A huge congratulations to Carlo Romanowycz who scored through to play in the State Championships on the, longer and more challenging, Patawalonga Course on the Friday. Carlo Scored 27th boy overall in the Championships, which is a massive achievement. Congratulations also to Ashton who missed the cut, but placed 3rd in the SA Invitational on Friday.
A fantastic experience for everyone involved.

Football Clinics and Coaching

Last Friday we were lucky enough to have Andrew Taheny, the SANFL Eyre Peninsula Game Development Coordinator come to our school to facilitate coaching sessions with students in Years 2-5. Mr Taheny also coached our 8/9 students on how to deliver important skills and techniques to groups of children. The primary students also received a Norwood Football while the secondary students looked the part with professional training shirts, shorts and whistles, to carry out their coaching roles. It was a fantastic experience for our secondary students to be part of this professional sports coach mentoring program and was wonderful to see their skills enhance over the sessions. Mr Taheny will return today to complete 2 more sessions and continue to build on the students' football skills and coaching abilities. This coaching experience was made possible by the Sporting Schools Grant.

Camps

This week we have our 2/3 class on camp in Port Lincoln from Tuesday – Wednesday and our 4/5 class on camp at Coodlie Park from Wednesday – Friday. Camps are a wonderful experience and we look forward to hearing about the exciting time had by all.

T20 Cricket at Lock

This week we have our Year 6/7 students teaming up with students from Lock Area School to participate in a T20 Cricket Competition. This is a fantastic opportunity for our students to participate in a unique sport, compete against students of their own age and build friendships with peers from other schools. Thank you to Mrs Newton and Mr Dudley for supporting our students at the event.

Thank You

A huge thank you to Daniel Ross who removed part of a fallen tree on school grounds last week. We thank you for your prompt expertise.

Parent/Carer/Teacher Initiated Interviews

Will be conducted in Week 1 of Term 4. We have set aside Tuesday 12th and Wednesday 13th of October after school. Please Select: [Term 4 Interview Link](#) to make a booking.

Have a wonderful week everyone.

Kind Regards
Chad Fleming
Principal

FESTIVALS AUSTRALIA

ROUND 13 NOW OPEN FOR APPLICATIONS

The Office of the Arts are pleased to announce that Round 13 of the Festivals Australia funding program is now open for applications for projects commencing from 1 February 2022. Regional artists, arts workers, and organisations can apply for arts and cultural projects that encourage community participation and audience engagement from people living in regional and remote communities in a festival or community celebration.

An additional \$2.4 million, announced as part of the Regional Arts Tourism package, is available in this funding round. Also new in this round is that up to three discrete projects can be funded per organisation, per festival. Separate applications for each project must be submitted and each one will be assessed independently. The funding round will close on Wednesday 29 September 2021 at 23.59 (Midnight) AEST (Canberra local time).

We would appreciate if you would share this information, including our social media posts that were published today:

8/9 Science Week Activity

Activity 1: Pitch a Food Idea

Overview: Explain to the students that they will investigate some research that explains how the eating habits of millennials are impacting on the food industry. They will design and cook sustainable dishes, and they will also design a solution and try to sell it as a “Pitch” competition.

FOR THE SECONDARY YEARS OF SCHOOLING

How will you cook the dish with a low ecological footprint?

YEARS 7 TO 10

FOOD

DIFFERENT

Week 6- Visit to Lock “Food Pitch”

Students worked in partners on a “Food Pitch” which they presented in front of the Lock students. Students had to target their food pitch at Millennials and their pitch had to take into account -

- Their ecological footprint
- Convenience
- Nutritional value of the product
- The recipe to make their product
- Where they source their ingredients
- Their packaging
- Power when preparing their product

Strawberry and Blueberry Icicles

- This product is a healthy way of the future for millennials.
- The icicle consists of nutritious, healthy, unprocessed strawberries and blueberries from a local farm located near Port Lincoln.
- The product will be sold at every Coles, Woolworths, IGA and Foodland in South Australia.
- A box of these icicles will come in 10 and will be sold at a low price of \$8.00 a box.
- The ingredients will be 40% strawberry, 35% blueberry, 5% sugar and 20% water.
- This means that our company will leave a low ecological footprint.
