Thursday 9th March

Governing Council AGM
Meeting
Tuesday 21st March

WASSAC
Tuesday 28th March

Easter Long Weekend
Thursday 6th April –
Monday 10th April

Last Day Term 1
Friday 14th April

Hello everyone and welcome to Week 5. This week certainly looks like pleasant weather after the heat of late.

Sports Day

This Wednesday the 1st of March we will hold our 2023 Sports Day at the Town Oval. Students have been increasing their fitness levels and practising for events in preparation for the day. Please find attached the program and house teams. We are seeking the assistance of a number of Parent/Carer helpers to support certain groups during the tabloid events. Please click [HERE](#) to register your interest.

Students are encouraged to wear the colours from their house teams and have the option of wearing coloured zinc and hairspray. Please NO hairspray to be sprayed onto children's skin though.

All students are to be dropped off at the oval from 8.40am ready for an 8.50am warm up and 9.00am start.

We anticipate that the day will run until 3.25pm however, if we conclude earlier, students are welcome to return home with their families. **Please ensure you inform your child's teacher.** The School Bus will run as normal.

Look forward to seeing you all there and all the best to the students competing.

Interschool Swimming Carnival

Due to the weather forecast last Friday, the Interschool Swimming Carnival was rescheduled to this Thursday the 2nd of March 2023.

Congratulations to Jade Tesselaar, Miley Agars, Owen Richards, Delilah Grey, Jarrah Donovan, Lily Tonkin, Mayson Peters and Ashton Fleming who have all been selected to represent the Small Schools team of Karcultaby, Miltaburra, Lock and Elliston Area Schools at the Carnival. All the best to our competitors for Thursday.

WCIAC

Next Thursday the 9th of March students who are successful at our Sports Day will be selected to compete at the West Coast Interschool Athletics Carnival (WCIAC) at Streaky Bay. As in previous years, we require a significant amount of support to transport students to and from Streaky Bay to participate. The finer details of the event will be communicated with families towards the end of this week.

Please have a superb week 5.

Kind Regards

Chad Fleming
Principal

Secondary students competing in the 800m event last Wednesday.

Hats

All students need to have hats in Terms 1 & 4. There are quite a few students without hats. Please check to see if your child has a hat. Hats are available for purchase from the Front Office. **Hats will be required for Sports Day.** Thanks

School Card Applications

The school card scheme provides financial relief for eligible low-income families in relation to education costs.

Applications for the 2023 school card scheme are open. Applications for all types of school cards can be completed online. Paper copies can be obtained from the front office at the school.

Parents and students can access school card information and application forms at sa.gov.au/education/schoolcard.

Number of dependent children Combined gross family income limit for the 2021-22 financial year.

	Gross	weekly	school card income limit
1	\$66,412	\$1,277	
2	\$67,598	\$1,300	
3	\$68,784	\$1,323	
4	\$69,970	\$1,346	
5	\$71,156	\$1,369	

Each additional dependent child \$1,186 \$23

School Card scheme

Low-income families who attend government school can get financial help with school fees – materials and services charges – through the School Card scheme.

Families with children aged four years and over who attend a school full-time.

Applications for the 2023 school year are now open. Fill in the correct application form based on your circumstances.

All types of School Card applications **are now online.**

You can access the online forms from any device that gets internet, including mobile devices, such as tablets and smart phones, as well as laptops and computers.

Applying online is easy! Simply follow the steps below.

STEP 1 Visit sa.gov.au/education/schoolcard

STEP 2 Select the type of School Card you would like to apply for (for example 'Type A') and follow the prompts.

STEP 3 Complete all mandatory fields.

Please note: you cannot submit your application unless all mandatory fields are complete.

STEP 4 Once you have completed a page click on the 'NEXT' button.

STEP 5 Once you have filled out all pages click the 'SUBMIT' button.

Please note: if you exit the form without clicking 'SUBMIT' your details will be lost.

You can save the form, and return to complete it at another time, by clicking on the 'SAVE' button.

SARDI Farmer Meetings

The South Australian Research and Development Institute (SARDI) is hosting farmer meetings across the upper Eyre Peninsula.

SARDI Farmer Meetings provide an excellent opportunity for a seasonal review of current research. Speakers will include Amanda Cook, Brian Dzoma, Fiona Tomney, Kym Zeppel, Naomi Scholz and Nigel Wilhelm. The program will vary by venue, and some presentations will be pre-recorded.

Topics

- Barley grass resistance
- Annual legumes
- Seed priming
- Rhizoctonia
- Sandy soils
- Calcareous soils
- AgTech
- SA Drought Hub - Strip and disc systems and best practice for early sowing
- Minnipa Agricultural Centre update
- AIR EP update.

Date and location

- Minnipa Sports Club – 5.00 pm, 20 February 2023
- Wirrulla Hotel – 8.30 am, 21 February 2023
- Warren Beattie's Shearing Shed, Ceduna – 5.00 pm, 21 February 2023
- Kimba Gateway Hotel – 5.00 pm, 22 February 2023
- Port Kenny Golf Club – 5.00 pm, 23 February 2023
- Lock Sports Club – 5.00 pm, 7 March 2023
- Rudall Sports Club – 5.00 pm, 8 March 2023
- Cowell Institute Supper Room – 5.00 pm, 9 March 2023

Registration

Registration is free and can be made online at pir.sa.gov.au/farmer-meetings or at each meeting.

Mitchell Wandel and Jennifer Wright

7/8 Science Mr Baccanello

As part of the current Year 7/8 Science unit which is titled "Properties of Matter", we learnt how to calculate the density of both regular and irregular objects.

We applied the formula

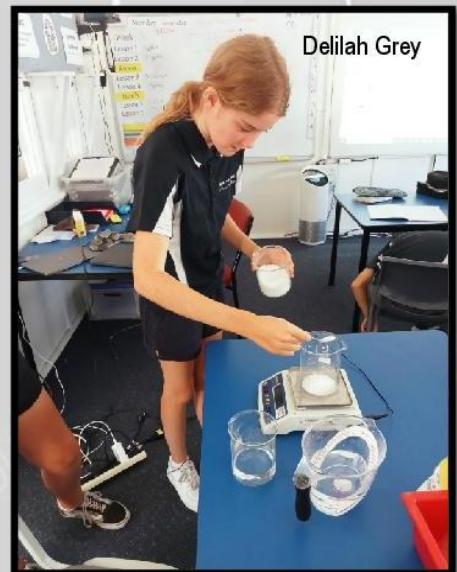

$$\text{Density} = \text{Mass (g)} / \text{Volume (cubic cm)}.$$

We used electronic scales to measure mass and a ruler to calculate the volume of regular objects such as wood and metal blocks. By observing water displacement, we were able to measure the volume of irregular objects. We have also learned how to create solutions with different percentages of salt concentration using scales and measuring cylinders.

The summative assessment that we are currently working on requires us to formulate an investigation that allows us to identify solutions in
