Our Beautiful Mr. B

On behalf of the Elliston Area School Staff, Students and Parents/Carers, and the entire Elliston community, we would like to offer our sincere condolences to the Baccanello Family, his mother and father, Claudia and Hugo, and his brother and sister, Paul and Lydia.

A highly respected member of our staff and school community, as our Maths, Science and PE teacher, Simon was absolutely adored by students and the staff. He had a deep positive impact on us all.

With his dedication to education and an enthusiastic and positive approach to learning and life, Simon showed genuine care and respect to everyone.

He was an avid surfer and keen fisherman, who absolutely loved living the Elliston lifestyle.

This is a tragic loss of a quality educator, valued colleague, and a remarkable man who was a true friend to everyone.

Students today have remembered Mr B. as a true gentleman, an enthusiastic mentor and a kind thoughtful soul who was always so giving of his time for others.

Our heartfelt sympathies also go out to the Elliston Community.

Children's University

Last week we were visited by the "Children's University". Children's University aims to encourage high quality from school activities for children between the ages 5 and 14 years, engaging the wider community as learning partners in this process. The most important principles of CU are that participation is voluntary and activities must take place outside the normal school day during lunch, after school, weekends and holidays. All CU activities are designed to inspire children to think about their futures with a greater knowledge of the careers and profession that they could aspire to.

Please return the permission note and \$5.00 administration fee to the front office if you would like your son/daughter to participate in this valuable development program.

Streaky Surf.

epsurf

On Monday the 8th of May, 61 students from Elliston, Streaky Bay and Cummins Areas Schools, Penong Primary School, Lake Wangary School, Port Lincoln High School, Navigators and St Joseph's School participated in the 2023 West Coast Schools Surf Competition. The competitors gathered at a location near Walkers Rocks and were presented with clean, offshore conditions early and small swell suitable for all age groups.

With over half the competitors from the junior age groups, the day began at the beach with small peeling, offshore waves. All entrants experienced success with plenty of green faces on offer. The smiles on all participants and the laughter in new friendships, was another highlight for the day.

After completing their first heat at the junior bank, the older students moved down the beach to ride larger waves for their second heat. With a variety of waves available, the set waves presented an excellent opportunity for the experienced surfers to perform manoeuvres, while the in-between waves offered a great opportunity for a wide range of abilities. Competitors were also riding waves outside the competition area between heats, which added to the experience. The event was also strongly supported by families who enjoyed the calm beach conditions.

It was once again, wonderful to see, the West Coast Junior Surfing Community come together and participate in a competition that is not only fun and exciting, but social and an event where friendships are formed.

We are enormously grateful for the ongoing commitment from our major sponsor **Lincoln Surf** who generously donated a large number of quality prizes for the competition winners.

We were also extremely thankful to Streaky Surf, EP Surf and Coffin Bay Surf Co who all made a significant contribution to the event. Finally, I would like to congratulate everyone who competed and offer a huge thank you to parents and teachers for transporting students to the event and to the judges and officials who assisted in making the day the success it was.
