Year 7/8 Celebration of English Learning Poetry & Song

During Term 3 students have undertaken a Unit called Poetry and Song, where they have studied a collection of classic Australian poems from the 1800/1900s, as well as songs of social comment from the 1960s/70's and more contemporary songs with a message. The class conducted research into these poems and songs and made connections about their historical significance, including applying their knowledge of poetic devices.

It was then time to have fun with words and get creative by writing Haiku poems and producing them on Canva. The haiku is a Japanese poetic form that consists of three lines, with five syllables in the first line, seven in the second, and five in the third. Additionally, students created some acrostic poems. You can look forward to viewing their fabulous poetic works at the Wool Show in Term 4.
